

CONGRATULATIONS KLONDIKE HOMES LTD.

When it was time for Klondike Homes Ltd. to purchase a telescopic forklift they new exactly what they wanted. They turned to Coastline Equipment Crane Division and the line of Zoom Boom telescopic forklifts manufactured by Carelift. They were interested in a 6,000 lb. capacity machine and the ZB6042 was a perfect fit! With its ease of operation and its sturdy all steel construction it will be able to tackle even the toughest construction jobs. They were so pleased with the machine and Coastline Equipment's service they purchased two machines! With the combination of the Zoom Booms reliability and Coastline Equipments Service they look forward to many years of worry free operation.
