

CONGRATULATIONS ARVIN EDISON WATER STORAGE DISTRICT

The proud owner's of a brand new Manitex 1770C boom truck. They searched far and wide just about every boom truck manufacturer but chose to work with Coastline Equipment Crane Division and the Manitex boom truck line. The latest and most technologically advanced 17 ton boom truck on the market from its state of the art electronics to the user friendly operator control station. And with 70' of main boom the machine will easily handle any job that comes its way. The crew could not be happier with the purchase and they all say it will make the job much easier and more efficient.
